Corrections

In the article "High-Field Magnetic Resonance Imaging of Suicidality in Patients With Major Depressive Disorder," by Zhiyun Jia, Ph.D., et al. (published online September 15, 2010; doi: 10.1176/appi.ajp.2010.09101513), the National Natural Science Foundation of China grant list should have included the following grant: 30900378.

In the article "Familial Transmission and Heritability of Childhood Disruptive Disorders" by Marina A. Bornoalova, Ph.D., et al. (*Am J Psychiatry* 2010; 167:1066–1074), the latent variables "EXT-O" and "EXT-P" in Figures 1 and 2 should be shown inside of circles instead of rectangles. Additionally, the text should read "parental" instead of "paternal" in the following locations: in the definition for "EXT-P" in footnote A of Figure 1; in the second row, first column of Table 1; and in footnote A of Table 1. In Table 2, the heading "r" in the third, fifth, and seventh columns is incorrect and should instead read "estimate" to indicate the genetic, shared, or nonshared environmental estimates shown.
