Correction to McHugo et al.

When the article “Hyperactivity and Reduced Activation of Anterior Hippocampus in Early Psychosis,” by Maureen McHugo et al. (doi: 10.1176/appi.ajp.2019.19020151) was published online on October 18, 2019, the Ns in Figure 4 were mistranscribed. The Ns should have been listed as 20 for the early-psychosis group and 31 for the healthy control group. This correction was made for the article's appearance in the December 2019 issue and the online edition of the issue.
